Good moooooorning.

Here's a draft of the power point presentation that I put together so far. It does not yet include all the information we are presenting but I wanted to have a starting off point for our discussion.

Hi gang:

Hopefully everyone still wants to discuss our favorite power plant permit at 10. Sharon and I are here. Can Mark and Danielle please send me the numbers where we can reach you? Thanks.

Eric

Sorry to hear that. Hope you can shovel using crutches.

Hope it mends better this time, without complications.

To all, how about 10:00 next Wednesday?

The proposed times are fine with me.

And, yeah, the foot is a problem again. I got an infection and was in the ER on Tuesday night, then back to MGH for pretty minor surgery to go in and clean out the incision and stitch it back up. This time, I've been given stricter orders about staying off my foot for a couple of weeks, so I will be working at home. Unclear why the infection happened but I may have been pushing things too hard. Or maybe it's just one of those things. I thought I was being fairly careful about how I was trying to move back to normalcy, but I need to be more careful this time!

Oh no, the foot giving you problems?

Re: the meeting, can we get together at some time other than lunch? Anytime between 8-11:30 and 1-4.

Not the same level of urgency, but hope we can talk soon. Maybe next week when we were originally supposed to get together (Wed, 2/18)?

Hey Mark. At the moment, Sharon is trying for March 11 (3-4). Earlier dates didn't work for management.

Hi all:

Thought we might want to discuss in advance what messages we plan to convey to management next Wednesday regarding the Merrimack permit. Any interest?

I'm around all day today and tomorrow, but it looks like I may have to travel to Long Island on Monday and Tuesday to attend a funeral so Tuesday doesn't look good.

I should be around Wednesday morning, weather-permitting, but that's a bit last-minute.

Let me know.

Thanks.

Eric
